SUMMARY

As a passionate full-stack JavaScript developer, I bring three years of experience in web development, including HTML, CSS, and JavaScript. I've contributed to two significant projects and honed my skills through tech hubs and real-world experience.

PROJECTS

Project A (Bamboo Chillout Web App)
- Contributed in the designing and building of a responsive web application
   using React.js, Node.js, and MongoDB.
- Implemented user authentication, CRUD operations, and RESTful APIs.
- Collaborated with a team of developers to deliver a polished product.

Project B (Agrobia E-Commerce Platform)
- Contributed in the designing and building of an e-commerce platform
   using React, Tailwind, Node.js.
- Integrated payment gateways and optimized performance.
- Conducted user testing and gathered feedback for iterative improvements.

ADDITIONAL INFORMATION

Attended tech hubs: [Learn Factory Abia State](https://learnfactory.com.ng/), [Spark Hub Nigeria](https://panafricanspark.org/sparkhub/)
- Passionate about continuous learning and staying up-to-date with industry trends.
